

Resolvent

Technology & IT Talent Partner

Helping organizations build, automate and scale technology through project delivery, managed services, resource augmentation and strategic technology partnerships.

 **10+** Automation & AI Specialists
  **50+** Projects Delivered
  **100%** Client Satisfaction
  **7+** Industries Served

AUTOMATE | BUILD | ANALYZE | SCALE

About Resolvent

Technology. People. Progress.

Resolvent IT Services Pvt. Ltd. is a technology-driven partner helping organizations automate, digitize and scale through intelligent solutions, domain expertise and a people-first approach. We combine the power of AI, automation, data and technology talent to solve real business challenges and create measurable impact.

Our Mission

To empower businesses with intelligent technology and skilled talent, enabling them to operate smarter, faster and more efficiently.

Our Vision

To be a trusted global partner known for innovation, quality and people-centric solutions that create a smarter, more inclusive tomorrow.

“

Technology gives
us possibilities.
People give it purpose.”

Our Values

Innovation

We explore better ways
to solve real problems.

People First

We grow together
with trust and respect.

Integrity

We do what's right,
always.

Impact

We focus on measurable
and meaningful results.

Collaboration

We build strong,
long-term partnerships.

Core Capability Pillars

Four integrated capabilities to help organizations build, automate, analyze and scale.

01

AUTOMATE

Work Smarter

AI & Intelligent Automation

- 🕒 RPA & Hyperautomation
- 🧠 Generative & Agentic AI
- 📄 Intelligent Document Processing
- 🔄 Workflow Automation
- 🤖 AI/ML Solutions

From repetitive to remarkable.

02

BUILD

What's Next

Digital & Product Engineering

- 🛠️ Custom Software Development
- 📱 Web & Mobile Applications
- 🔌 API & System Integration
- ☁️ Cloud Applications
- 🧪 Testing & Application Support

Ideas into scalable solutions.

03

ANALYZE

Turn Data Into Value

Data & Analytics

- 📊 Data Engineering
- 🗄️ Data Warehousing & Lakes
- 📈 BI & Visualization
- 🔍 Advanced Analytics
- 🧠 AI/ML & MLOps

Data for smarter decisions.

04

SCALE

With the Right Talent

Technology Talent

- 👤 Staff Augmentation
- 👥 Contract Staffing & C2H
- 👤 Dedicated Teams
- 👤 Specialized Technology Talent
- 👤 Managed Services

People who power progress.

One Partner.

Integrated Capabilities.

Flexible Delivery.

AI, RPA & Intelligent Automation

From task automation to intelligent, adaptive business operations.

Our Automation Lifecycle

IDEAS → AUTOMATION → REAL BUSINESS IMPACT

Discover

- Process discovery
- Automation assessment
- Feasibility & ROI

Identify the right opportunities.

Design

- Process redesign
- Solution architecture
- Exception handling

Design for maximum value.

Build & Test

- Bot development
- System integration
- Functional handling

Build with quality and control.

Deploy & Scale

- Secure deployment
- Orchestration
- Enterprise scaling

From pilot to enterprise scale.

Monitor & Optimize

- Performance monitoring
- Continuous improvement
- Automation expansion

Drive continuous business value.

Representative Enterprise Use Cases

ACROSS INDUSTRIES. DELIVERING REAL IMPACT.

BFSI

- KYC/AML
- Reconciliation
- Payments

Healthcare

- Claims Processing
- Scheduling
- Document Processing

Manufacturing

- SAP Processes
- Invoice / Purchase Orders
- Inventory Management

Enterprise Operations

- Service Desk
- Email Automation
- Reporting

Intelligent Automation Stack

From automation to autonomy.

Agentic AI

Autonomous, goal-driven workflows

Generative AI

Content, reasoning & assistance

AI / ML

Prediction & decision intelligence

Intelligent Document Processing

OCR • Extraction • Classification

RPA & Workflow Automation

Rules • Tasks • Enterprise processes

Integration Foundation

Data to Impact Lifecycle

COLLECT → PROCESS → ANALYZE → VISUALIZE → PREDICT → TRANSFORM

Key Solution Areas

REAL DATA. REAL INSIGHTS. REAL RESULTS.

Key Technologies

Data & AI Capability Stack

A unified stack from data foundation to business impact.

Data-Driven Decisions

Move from intuition to insights.

Operational Efficiency

Optimize processes with data.

Innovation at Scale

Discover new opportunities.

Measurable Business Impact

Turn insights into real value.

UNLOCK THE POWER
OF YOUR DATA →

Technology Talent & Managed Delivery

Access the right talent. Deliver with confidence. Grow without limits.

TALENT
SOLUTIONS
FOR A STRONGER
TOMORROW

Our Talent Delivery Lifecycle

RIGHT PEOPLE → RIGHT SKILLS → RIGHT FIT → REAL RESULTS

Understand

- Requirement analysis
- Role definition
- Skill & domain mapping

Clearly define
your needs.

Source

- Access top talent
- Multiple channels
- Pre-screening

Find the right
talent faster.

Evaluate

- Technical assessment
- Behavioral screening
- Client interviews

Ensure the
right fit.

Deploy

- On-time onboarding
- Compliance & documentation
- Smooth transition

Get talent
on board.

Manage

- Performance tracking
- Regular feedback
- Continuous support

Drive
productivity.

Scale

- Flexible ramp-up
- Multi-location support
- Long-term engagement

Grow together
for the future.

Our Talent & Staffing Solutions

FLEXIBLE MODELS. SKILLED TALENT. BUSINESS IMPACT.

Contract Staffing

- Short & long-term contracts
- Specialized skill sets
- Quick turnaround

Permanent Hiring

- End-to-end recruitment
- Role-based hiring
- Quality talent pipeline

Managed Teams

- Dedicated teams
- Onsite / Offshore / Hybrid
- Scalable as per need

Staff Augmentation

- Extend your existing team
- Niche skill availability
- Flexible engagement

RPO Services

- Volume hiring support
- Reduced time-to-hire
- Cost-efficient solutions

Our Engagement Models

THE RIGHT MODEL FOR EVERY BUSINESS NEED.

Fixed Price

Defined scope.
Predictable cost.

- Well-defined requirements
- Clear deliverables
- Fixed timeline & cost
- Ideal for small to medium projects

Best for well-defined projects

Time & Material

Flexibility to adapt
and scale.

- Evolving requirements
- Pay for actual effort
- Full control & transparency
- Suitable for long-term initiatives

Best for dynamic requirements

Dedicated Team

Your extended
workforce.

- Skilled, dedicated resources
- Work as your offshore team
- Full-time engagement
- Scales with your business

Best for long-term growth

RPA as a Service

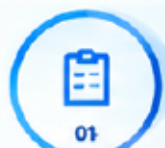

Automate without
heavy upfront
investment.

- Subscription-based model
- Quick deployment
- Ongoing support & optimization
- Access to latest technologies

Best for rapid automation
