

About Company

Resolvent IT Services is a technology-driven solutions partner dedicated to enabling organizations to achieve operational excellence and digital maturity through scalable, secure, and future-ready solutions. Established in March 2022 and headquartered in Pune, Resolvent delivers intelligent automation, data-centric, and digital-first services that help businesses adapt, grow, and compete in a rapidly evolving digital landscape.

With deep expertise across RPA, software engineering, cloud, and digital enablement, we accelerate enterprise growth and deliver measurable business outcomes—faster execution, smarter operations, and cost-effective scalability.

We proudly serve clients across multiple industries, including BFSI & FinTech, Healthcare & Life Sciences, Manufacturing, Retail & E-commerce, and Education & Public Sector.

Let's Build the Future Together

Whether you're starting your digital journey or scaling automation across the enterprise, Resolvent is your trusted transformation partner.

Connect with us today to explore how we can create real business value.
